#### 2. BUSINESS ACTIVITIES AND OPERATIONS

The Company's operations resulted in a gross profit of ₹ 36.43 lakhs as against ₹ 22.59 Lakhs in the previous year. After providing for depreciation of ₹ 2.26 lakhs (previous year ₹ 3.19 Lakhs) and making net provision for taxation of ₹ 13.43 lakhs (Previous year ₹ 5.64 Lakhs) the Company has earned a net profit of ₹ 20.73 as against net profit of ₹ 13.76 Lakhs in the previous year.

The last year has been a good one for the Indian Stock Market. The market managed to weather the storm due to Demonization and GST. While there

was pessimism as to how the markets would react to these events, the market had a very strong year right up to the Budget in January 2018. Post the budget we have witnessed some correction mainly in the midcap and small cap segment of the market. In line with the equity markets, your company has had a much better year in comparison to the previous fiscal and the same is reflected in the sharp increase in both the revenue and net profit numbers.

The last year has seen good wealth creation for investors in the stock markets. While it may be optimistic to expect a similar return in FY19, we can hope for another year of positive returns despite uncertainties in the form of state elections, rising crude oil prices and a weaker currency. We expect the government to maintain its focus on reforms, infrastructure spending and overall development.

The company has seen a good rise in profits from the previous year due to favorable market conditions. We hope for the positive sentiment to continue and thus will strive and expect to do better in the next fiscal year. We remain bullish on the India growth story and thus are expecting to see a continuity of a vibrant stock market with continuous increase in volumes. There are even talks by SEBI to increase the trading hours which should further boost trading volumes.

This is an important year in the lead up to the general elections next year. We are confident that the government will continue its reforms path keeping in mind fiscal prudence. There is a major challenge being faced in the form of the PSU bank's non-performing assets and we are eagerly looking to the government for a viable solution to this problem. In addition, GDP growth continues to be on an upward trajectory and if we have a favorable monsoon, that should bode well for the economy going forward.

## Annexure A to Independent Auditors' Report

Referred to in paragraph 10 (f) of the Independent Auditors' Report of even date to the members of **Modern Shares & Stockbrokers Limited** on the standalone financial statements for the year ended March 31, 2018

### Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Act

1. We have audited the internal financial controls over financial reporting of **Modern Shares & Stockbrokers Limited** ("the Company") as of March 31, 2018 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

### Management's Responsibility for Internal Financial Controls

2. The Company's management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India (ICAI). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Act.

### Auditors' Responsibility

3. Our responsibility is to express an opinion on the Company's internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the "Guidance Note") and the Standards on Auditing deemed to be prescribed under

section 143(10) of the Act to the extent applicable to an audit of internal financial controls, both applicable to an audit of internal financial controls and both issued by the ICAI. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

4. Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.
5. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company's internal financial controls system over financial reporting.

### Meaning of Internal Financial Controls Over Financial Reporting

6. A company's internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company's internal financial control over financial reporting includes those policies and procedures that:
  - (a) Pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;

- (b) Provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and
- (c) Provide reasonable assurance regarding prevention or timely detection of unauthorized acquisition, use, or disposition of the company's assets that could have a material effect on the financial statements.

**Inherent Limitations of Internal Financial Controls Over Financial Reporting**

- 7. Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

**Opinion**

- 8. In our opinion, the Company has, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at March 31, 2018, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

## Note 1. Significant Accounting Policies:

### 1. Basis of preparation of financial statements:

The financial statements of the company have been prepared in accordance with the generally accepted accounting principles in India (Indian GAAP). The company has prepared these financial statements to comply in all material respects with the accounting standards notified under section 133 of the Companies Act 2013, read together with paragraph 7 of the Companies (Accounts) Rules 2014 and guidelines issued by Securities and Exchange Board of India (SEBI). The financial statements have been prepared on accrual basis and under historical cost convention. The accounting policies adopted in the preparation of financial statements are consistent with those of previous years, except for the change in accounting policy explained below if any.

### 2. Use of Estimates:

The preparation of financial statements in confirmatory with Indian GAAP requires the management to make judgments, estimates and assumptions that affect the reported amounts of revenues, expenses, assets and liabilities and the disclosure of Contingent Liabilities, at the end of the reporting period. Although these estimates are based on the Management's best knowledge of current events and actions, uncertainty about these assumptions, and estimates could result in the outcomes requiring a material adjustment to the carrying amounts of assets or liabilities in future periods.

### 3. Revenue Recognition:

Brokerage on equities/derivative transactions are accounted on trade date basis. Interest on Fixed deposits with banks and other services income are accounted on accrual basis where as dividend income and brokerage on mutual fund and IPO syndication are accounted on receipt basis.

### 4. Property, Plant and Equipments:

Property, Plant and Equipments are stated at cost net of recoverable taxes, less accumulated

depreciation. Cost comprises of cost of acquisition or construction including borrowing costs attributable for bringing the assets to their intended use.

Till the year ended 31 March 2014, Schedule XIV to the Companies Act, 1956, prescribed requirements concerning depreciation of fixed assets. From April 1, 2015, Schedule XIV has been replaced by Schedule II to the Companies Act, 2013. Unless stated otherwise, the impact mentioned for the current year is likely to hold good for future years also.

### Depreciation on assets costing less than Rs 5,000/-

Till year ended 31 March 2014, to comply with the requirements of Schedule XIV to the Companies Act, 1956, the company was charging 100% depreciation on assets costing less than Rs. 5,000/- in the year of purchase. However, as per Schedule II to the Companies Act 2013, applicable from April 1, 2015, the company has changed its accounting policy for depreciations of assets costing less than Rs 5,000/-. As per the revised policy, the company is depreciating such assets over their useful life as assessed by the management.

### 5. Intangible Assets:

If any such indication exists, the Company estimates the recoverable amount of the assets. If the carrying amount of fixed assets / cash generating unit exceeds the recoverable amount on the reporting date, the carrying amount is reduced to the recoverable amount. The recoverable amount is measured as the higher of the net selling price and the value in use determined by the present value of estimated future cash flows.

**7. Investments:**

A qualifying asset is one that necessarily takes substantial period of time to get ready for intended use. Other borrowing costs are recognized as an expense in the year in which they are incurred.

**11. Foreign Currency Transactions:**

Transactions in foreign currencies are recorded at the exchange rate prevailing at the time of occurrence of the transactions.

Monetary items denominated in foreign currency remaining unsettled at the end of the year are translated at the buying rates as at the last day of the year.
